Date Night – Dinner Dance Proposal

I am hoping to find a venue with a visionary operator in the restaurant/ events industry, who can see potential in this proposal. It would need to be a venue, with the capability to serve a two/ three course variety set menu and a space for a dance floor in front of my stage. If that's not for you, kindly ignore this proposal. If however you'd be interested to talk to me about the way forward, I am keen to meet. To start off a new concept for your restaurant/ club/ events venue, I would be negotiable on the payment structure i.e. a fee p/person costed in the menu etcetera.

About me

I am a Jazz and Soul Singer, Trumpeter, Recording artist, who performs reinterpreted jazz standards, soul ballads and big band classics in the style of Michael Bubl , Frank Sinatra, Ray Charles, and many others, plus party perfect Dance Medleys at special occasions and corporate events in Gauteng.

Timeless Jazz and Soul "Bubl  Style" are perfect music genres for a date night with set menu dinner service, followed by a dance sessions or two afterwards. Adding that classy and elegant touch that suits any occasion - the melodic jazzy tunes are a lively skilful musical background, while the 40 minute **Let's Dance Medleys** after the main course is cleared, will get your guests to the dance floor.
